📍 Mumbai, Maharashtra

EDUCATION

Vidyalankar Institute of Technology, Mumbai

- Bachelor of Engineering in Computer Engineering
- Duration: 2025– 2028

Relevant Coursework:

Programming Fundamentals, Database Management Systems, Web Technologies, Computer Networks, Software Engineering

Bharati Vidyapeeth Institute of Technology

- Diploma in Computer Technology
- Duration 2022-2025
- Scored 94.35%

TECHNICAL SKILLS

- Application Design
- Data Cleaning & Visualization using Python
- C,C++
- Java,php,Javascript
- Python
- SQL (MySQL)

PROFILE

I am a highly motivated and dedicated Computer Engineer. I have a strong interest in software development, data science, and digital technologies. With hands-on experience in programming languages such as Python, PHP, and Java, I enjoy solving problems and learning new skills. I am eager to contribute to innovative projects and grow my technical abilities in a challenging environment.

EMPLOYMENT HISTORY

Data Analyst Intern

Milstones Technologies,Thane
May 2024 – June 2024

I have completed my internship in Data Analysis and Visualization with python.

- During my internship, I worked with large datasets to clean, analyze, and create visual representation of data that helped teams make informed decisions.
- Developed interactive data visualizations using Python libraries like Matplotlib, Seaborn.
- Analyzed large datasets to extract insights and presented findings in easy-to-understand dashboards.
- Worked on cleaning and preprocessing data using Pandas and NumPy for accurate analysis.

PROJECTS

During my academic journey I worked on poject :

“BOOKNEST”

The main objective of BOOKNEST is to develop a web-based book recommendation system that suggests relevant books to users by analyzing their search history, thereby helping users discover books that match their interests easily and efficiently.And also issue them digitally inshort online book reservation from library.
